

COON CREEK WATERSHED DISTRICT
Request for Board Action

MEETING DATE: June 9, 2025
AGENDA NUMBER: 16
ITEM: District Tour Update

AGENDA: Discussion

ACTION REQUESTED

Review, Comment and Accept

PURPOSE & SCOPE OF ITEM

The annual tour serves two purposes

1. Provides an opportunity to see projects in the field
2. Focus on a specific issue or topic and its implications in the field

BACKGROUND

The tour has been held almost every year since 1991. Tours have covered everything from general inspections of the entire watershed to specific issues such as wetlands or aquatic species. For the past 13 years, they have been held in June.

ISSUES/CONCERNS

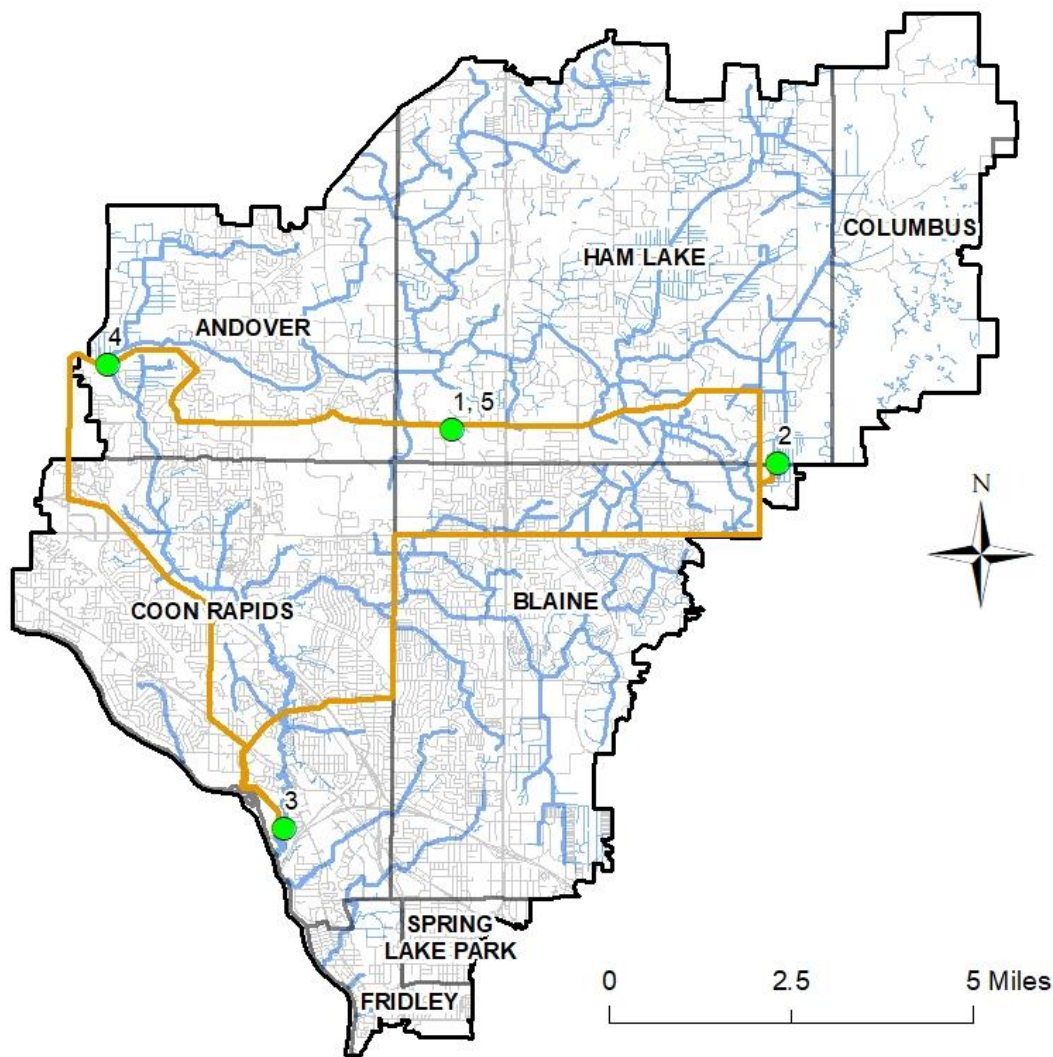

The focus of this year's tour is on Phase 1 of the Comprehensive plan. Phase 1 emphasizes organization and initiation or establishment of a solid foundation that is adaptable, agile but still pursues our mandated goals and remains responsive to local priorities.

We plan to visit three sites

1. Elwell Farms-Lexington Waters
2. Lower Coon Creek Corridor Restoration in the Coon Rapids Dam Regional Park
3. Fields of Andover-Rural Reserve

THOUGHTS/QUESTIONS?

2025 CCWD Board Tour Itinerary

Sequence	Location	Subject
1	CCWD Office	Welcome, office drainage, rear parking
2	Elwell Farms-Lexington Waters	Development, land conversion
